Special highlights

Budget that increases with use

Those who exhaust their health budget will have it increased in the following year. Each calendar year by €50 up to a maximum of € 200. If the increased basic budget is not fully utilized, it is downgraded to the basic budget.

In case of need

the basic budget is doubled in case of an accident at work with in-patient stay in the current and the following year. Accident at work, as defined by the employers' liability insurance association or the statutory accident insurance. Regardless of any possibly increased basic budget – this is paused.

Strong health services on top – for family members* too!

Specialist service* 24/7

We are happy to assist you in finding suitable doctors and short-notice appointments. This way long waiting times are eliminated.

Health telephone* 24/7

A team of physicians and medically-trained personnel is available for you 24 hours a day:

- Consultation in more than 20 languages
- Explanations of medications and package inserts
- Information on vaccinations and travel medicine
- Consultation on diagnostics, diseases and therapy methods, with their advantages and disadvantages
- Information and decision-making aids also for chronic diseases such as asthma, high blood pressure and diabetes.

Hallesche4u App

With the Hallesche4u app, employees can submit their invoices simply and securely. The contract data is always at hand, and you can contact Hallesche at any time and without complications. Even a direct connection to the medical video consultation is made possible. The digital health guide helps to check symptoms and enables an evidence-based assessment of possible diagnoses.

Video consultation* 24/7

Are you in need of information or advice on medical issues? Then you can make an appointment for a virtual consultation and discuss your concerns with a doctor from the comfort of your own home.

Other advantages:

- No time limit on the conversations
- Private prescriptions are issued for medications and their shipment to a pharmacy near the employee's home
- Consultation in more than 20 languages

Health portal

The health portal offers professional, well-founded and quality-assured information and offers:

- News about diseases and symptoms as well as therapy options
- Numerous self-tests and practical calculators
- In addition, the doctor and clinic search and other comprehensive services

Health brochures

The brochures books from Hallesche provide useful information and tips on all aspects of health, as well as on prevention and the right way to deal with various illnesses.
