

Globalhealthplan: The Plus for Our Contract Partners

HALLESCHE grants an excellent care for the customers in case of diseases. But there is more than this. Above our original job as a health insurer we offer an abundance of services. With our Globalhealthplan you acquire special additional services - unique services on the German market offered by a German health insurer. Employees as well as your company will profit from these services.

The employees profit from a:

Service Hotline

Your employees can reach experienced contact persons as well as medically trained staff via our hotline 365 days a year, worldwide in up to 25 languages.

Service Level for Reimbursement of Benefits

We orientate towards international standards. We shall be happy to discuss your individual needs with you.

Online Services

Each insured employee gets access to his personal online portal. This portal is accessible worldwide at any time and offers extensive functions:

- The employee can see his contract details online.
- He can retrieve the current status of a reimbursement claim.
- He will be notified immediately about a settled reimbursement (online statement).
- All important forms are available for download.
- Our network of approved medical service providers offers additional security.

Your company profits from our Group Management Services as well:

- You apply for the coverage of the expatriates online and terminate their contract electronically via an own account secured by your password. Simple, quick and secure.
- The same applies for modifications of the contract.
- It is easy to receive an overview of your current contract via individual statistics.
- All this leads to a higher efficiency in your administration.
- Thus you enjoy more safety and noticeable simplification of your daily work.
