Regulatory authority

We are regulated by the German Bundesanstalt für Finanzdienstleistungsaufsicht (Federal Financial Supervisory Authority), Insurance Division, Graurheindorfer Straße 108, 53117 Bonn.

Important features of your insurance policy

The current terms of insurance are valid for the tariffs chosen by you:

- The tariff (plus any special terms and conditions) describes the insurance benefits in detail.
- The General Terms of Insurance (GTI) complete the tariff regulations.
- If any supplementary provisions have been agreed for group insurance, these amend or are additional to the relevant GTI.

You will find the most important features of your insurance benefits on page 1 of the tariff, the exact contract details in the tariff and in the GTI under "Object, extent and validity of insurance coverage" and "Extent of duty to pay benefits", and in the supplementary conditions for group insurance under "Participation in group insurance contract, starting date and extent of insurance coverage".

You are entitled for the insurance benefits as soon as we will have collected all necessary requests concerning your event

insured against. Our duty to pay benefits is satisfied once payment has been credited to the account of the policy holder or of a person entitled to receive the benefits. Detailed provisions covering the due date for the payment of insurance benefits are given in the GTI under "Payment of insurance benefits".

Total cost of your insurance

The total price of your insurance is mentioned in the application or on the insurance confirmation attached to the quotation document. There are no other additional costs, taxes or charges. The amount shown on your insurance confirmation may differ from that on the application if, for example, it was wrongly stated on the application. Any possible risk surcharge will be agreed with you in writing in a separate declaration. Any quotation you may already have of Hallesche will have been taken into account where necessary.

Payment of premiums

Your premium will be calculated from the start of the insurance period. Your chosen payment method (direct debit or credit transfer) and payment period (monthly, quarterly or half-yearly) can be noted on your application form if you have not already notified us when requesting a quotation.

The first payment is due by the day of the agreed start of the insurance period at the latest.

Please note: The total yearly or single premium is due for the short-term health insurance coverage abroad. Only the direct debiting system is possible. Full regulatory details relating to premium payment dates are given in the GTI under "Payment of premiums".

Implementation of your insurance contract

There are two ways in which you can enter into an insurance contract with us:

1. Have you received all relevant documentation before submitting your application, or have you expressly waived this? Your insurance contract will come into effect as soon as you will receive a written statement of acceptance or your insurance confirmation from us. Hallesche undertakes not to refuse any correctly submitted application for a group insurance contract.
2. Have you requested a quotation of Hallesche, and received a quotation in response? Your insurance contract will come into force once you have signed the application (statement of acceptance) and confirmation of receipt, and returned them to Hallesche within the stated period and without amendment. The date of receipt by Hallesche of your application (statement of acceptance) will be applicable.

Commencement of coverage

Insurance coverage will start on receipt of the application by the insurer, but not earlier than the date given in the application, or prior to the expiry of any qualifying periods, or prior to the commencement of the group insurance contract which forms the basis of the insurance relationship. Alternatively,

insurance coverage can begin up to two months prior to receipt by Hallesche of the application where provision is made for this in the GTI.

Payment will not be made for insurance events occurring prior to the start of insurance coverage, unless such events occur after the signing of the contract but prior to the start of insurance coverage. Such events are not excluded completely; only the part that occurs in the period between the signing of the contract and the start of insurance coverage or qualifying periods is excluded from liability to pay benefits.

In the case of newborn infants, insurance coverage begins immediately after the birth process is complete, with no qualifying period, provided that the application has been made at the correct time, and subject to any other requirements given in the GTI.

You can find more information on the commencement of insurance coverage in the GTI under "Commencement of coverage", and – where specified – under "Qualifying periods"; also – depending on the tariff chosen – under "Subject, extent and validity of insurance coverage" and in the supplementary conditions for group insurance under "Participation in group insurance contract; commencement and extent of insurance coverage" and "Qualifying periods".

Term of contract; termination options

Your insurance contract has no time limit. Exceptions to this are the education, international and option tariff scales, the *plus.U* tariff and daily sick pay insurance. These exceptions are covered in the relevant terms and conditions.

The options for terminating the contract, in particular the contractual conditions of termination, are given, depending on the tariff chosen, in the GTI under "Cancellation/termination by the policy holder", "Terminating the policy", "Other reasons for termination", "Continuation of insurance", "Consequences of breaches of warranty" and "Cancellation by the insurer". This last section also specifies the minimum duration that applies to the contract. In the supplementary conditions for group insurance, other provisions relating to the termination of a contract are given in "Reasons for termination of the insurance relationship" and "Continuation of insurance".

The contract can also be terminated without notice for good cause (fraud, for example) as provided by law.

The insurer is entitled, in the event of a pre-contractual violation of obligation to disclose, to withdraw from or cancel the contract. In the event of fraudulent misrepresentation at the time the contract was signed, the insurer can also challenge the contract.

In the event of cancellation on the grounds of non-payment of the first premium, the insurer will charge an appropriate handling fee (currently € 75).

Cancellations made to the insurer have to be done in writing or electronically and should be addressed to Hallesche Krankenversicherung.

Contractual language, applicable law, place of jurisdiction

The language used for the contractual relationship and in communications during the term of the contract is German unless otherwise agreed. Your insurance contract is covered by the provisions of German law. The place of jurisdiction is given in the GTI under "Place of jurisdiction".
